# Register for Free Version NOW!

Powerful Enterprise Tool to Manage Projects/Programs for the Service Sector

Change the Way You Work and Improve Job Satisfaction

SmartAdmin Helps to Make Faster Decisions.

[Get Started](#)

[Download Web App](#)

The image shows a banner for SMART ADMIN with a blue background. It includes a navigation bar with links for Features, Pricing, Solutions, Benefits, and Login, along with a 'Free Trial' button and a GLOB logo. The main text promotes a free registration for the current version, describing it as a powerful enterprise tool for project and program management in the service sector. It emphasizes changing work methods to improve job satisfaction and making faster decisions. Two buttons, 'Get Started' and 'Download Web App', are provided. On the right, there is a preview of the SMART ADMIN interface on a laptop and a smartphone. The laptop screen shows a dashboard with a sidebar menu (Dashboard, Settings, Users, Buyers, Payroll, Projects, Vendors, Announcements) and a main content area with a table of projects. The smartphone screen shows a similar interface adapted for a smaller screen.

RESIDENTIAL FIRE SPRINKLERS CONTRACTORS FOR MORE THAN A CENTURY

American Fire Protection Systems, Inc. is Southern California's #1 Fire Protection Contractor specializing in the installation, maintenance, inspection, and repair of fire sprinkler systems, for both residential and for commercial projects.

With a combined experience of over 100 years, the American Fire Protection Systems, Inc. (AFPS) team provides outstanding fire protection systems as a Los Angeles based fire sprinkler systems contractor.

The AFPS team provides a rare mix of skills and experience and oversees all phases of fire protection,

yelp

Client Reviews

The single and best impression was the honesty and straight up answers and solutions that Simon came up with. He gave me choices with Pros & Cons and kept me informed on timeline, costs, etc. There were no second guessing-Price was fair, and work was completed in a timely fashion. I could not ask for more.

### Cattery Comparison

See how much you can save this holiday by letting us look after your cats in your home

I'm on holiday for:  days

**SAVE £28**

Name :

Phone:

Email :

**Call Me Back**

### Going away?

Now your pets can relax at home!

Don't let yourself and your pets get distressed because you're going away. Let me come and visit to feed, fuss and pamper your pets so they have a great time too!

- ✓ Member of the National Association of Registered Petsitters
- ✓ Fully insured
- ✓ 22 years' experience of looking after animals

Price based on a cattery charging £16 per day for 3 cats sharing v/s MYM visiting once per day charging £12 per visit

#### Feed your Animals

I will visit your furry friends as many times as you like so they stay happy and healthy in the comfort of their own home

#### Water your Plants

Don't let your expensive indoor or outdoor plants and hanging baskets die of thirst while you are away. I can water and tend to them whilst you are lying by the pool

#### Welcome Home Shopping

There is nothing worse than coming home from a long journey to find there's no milk for your well-earned cuppa. Leave me a list to do a quick food shop for you (cost of groceries in addition to visit fee)

#### I also offer the following

✓ **Administering medication**

If your pet requires any form of medication, I can administer this where necessary. I also have access to a 24/7 365 days per year emergency Vet helpline if your pet falls ill

✓ **Cleaning out animals**

I will make sure you do not come home from your well-deserved break to a smelly litter tray, basket or cage

✓ **Remove post and parcels**

Nothing shouts "we're on holiday!" louder than having post and parcels hanging out of your letterbox. I will tidy your post away, and can even be available to take delivery of parcels (by prior arrangement)

✓ **Discretion Guarantee**

I will arrive in an unbranded vehicle, with minimal branded clothing to ensure I do not advertise that you are away from home

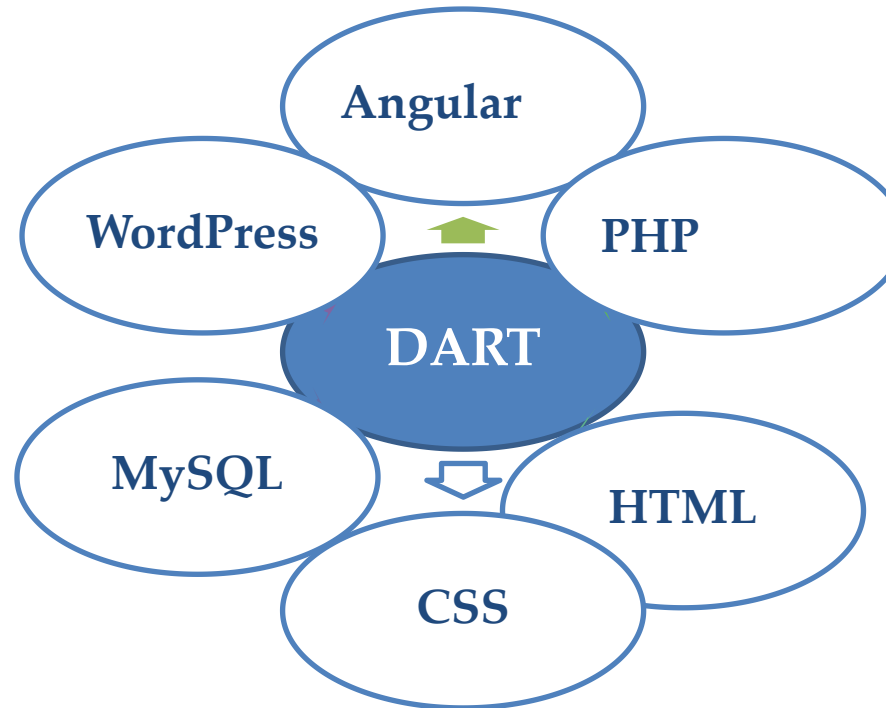

✓ **Take out your bins**

So your bin does not stay out for the duration of your holiday and you don't have to come back to a full bin

✓ **Make your home looked lived in**

To give your home that lived in look, I can arrange it so your home is not in total darkness at night and lights are switched off during the day, whilst at the same time opening and closing curtains as necessary
